

BankExec Presentation Descriptions

1. **Introduction to Bank Financial Statements** – This is an optional presentation that gives a brief review of the items found on a bank's balance sheet and income statement. If you are confident in your knowledge of a bank's financial statements, you may choose to skip this presentation. (Length: 29:36)
2. **BankExec Overview** – This discussion provides an introduction to the BankExec simulation. (Length: 13:49)
3. **BankExec Output** – This discussion provides a "tour" of the BankExec starting point output describing the financial information available in the BankExec documents. (Length: 30:54)
4. **BankExec Decisions** – This presentation describes the decisions you will make in the simulation. It also shows you the decision pages in the BankExec model and how to run a "What-If" analysis. (Length: 43:45)
